Subject: RE: Lat & Long for City of Parma

Hi Susan,

The treatment facility is Lat: 43° 47' 16" N, Long: 116° 57' 26" W

The outfall is Lat: 43° 47' 12" N, Long: 116° 57' 34" W

Regards,

Russell R. Brooks, P.E.

Subject: Lat & Long for City of Parma

Russell – Following up on our conversation today. Please provide the lat & long for the City of Parma WWTP outfall and for the treatment facility itself. The lat and long for the outfall in the draft permit were taken directed from the 2008 application. Thanks, feel free to contact me if you have any questions.
